

Why Should You Join ACEC of Kansas?

The old saying, “you get out of it what you put into it,” is time proven.

Many Dedicated consulting engineers have invested time and money that are now paying dividends to *you* in the form of services and representation.

Without continued investment, the advances we’ve made through the years will be lost to the continuing bureaucratic pressure of governmental intervention, competition, and regulation. The present services and activities are many and that’s - **why you should join ACEC of Kansas!**

Affiliated with:

American Council of Engineering Companies

AMERICAN COUNCIL OF ENGINEERING COMPANIES
of Kansas

12 reasons for you to join acec of kansas

1

AWARDS PROGRAM:

ACEC of Kansas offers your firm the opportunity to showcase its creativity with the annual Engineering Excellence Awards competition. State winners are eligible to enter their projects in the national competition.

2

CLIENT DEVELOPMENT:

ACEC of Kansas publishes an online directory of its member firms which contains information on the services you offer, plus how to select a consulting engineer. The directory is also available to federal, state, county, and local agencies on the ACEC of Kansas website.

3

ECONOMICAL INSURANCE:

ACEC of Kansas offers business, group health and life insurance plans through the American Council of Engineering Companies. Savings from the programs may offset a major portion of your ACEC of Kansas dues.

4

GOVERNMENTAL AFFAIRS:

ACEC of Kansas provides full-time legislative representation to defend and support your business interests. A voluntarily funded Political Action Committee supports candidates who are business-oriented.

5

LIAISON:

ACEC of Kansas serves as an important liaison with federal, state, county, and local agencies — your clients — which come to ACEC of Kansas for information. Liaison Committees meet regularly with several state agencies to provide input and resolve problems.

6

NATIONAL REPRESENTATION:

ACEC of Kansas has a strong voice, with representation in the American Council of Engineering Companies (ACEC), National Society of Professional Engineers (NSPE), and Professional Engineers in Private Practice (PEPP).

7

PUBLIC RELATIONS:

ACEC of Kansas promotes the engineering profession through various means, including: the City and County Public Improvement Awards, the Qualifications Based Selection Award, and sponsorship of a Kansas Young Engineers Roundtable function.

8

PUBLICATIONS:

ACEC of Kansas keeps you informed! ACEC of Kansas *Right Angle* contains articles about issues affecting the industry and ACEC of Kansas activities. The *Legislative Newsletter* is published weekly during the Kansas Legislative Session and contains write-ups on bills of interest.

9

QUALIFICATIONS BASED SELECTION:

ACEC of Kansas continually promotes the use of qualifications based selection in the procurement of engineering services. Public and private clients can receive information on QBS by simply contacting the ACEC of Kansas office.

10

RETIREMENT TRUST:

ACEC of Kansas gives member firms the opportunity to choose from a wide range of retirement plans. Whether participants are conservative or aggressive, they can easily create a retirement portfolio that suits their individual needs.

11

SEMINARS:

ACEC of Kansas offers participants the opportunity to earn professional development hours (PDHs) through its educational programs offered at least twice a year. Seminars focus on timely issues for firm principals and staff engineers.

12

WEB PAGE:

ACEC of Kansas uses an Internet Web page (www.kcec.org) to provide timely information on seminars, legislative updates, and other industry news. The Web page also contains a ACEC of Kansas member roster with optional hyperlinks and a password-protected Members-Only page.
