My name is Michele Keal. I am originally from the small rural town of Riverton in southeast Kansas. After graduating from Kansas State University in the winter of 1996 I went to work for Delich, Roth & Goodwillie. I have spent the last thirteen and a half years in the Transportation Department, where I am currently a Senior Design Engineer/Project Manger. I have designed/managed large interchanges, urban and rural streets, and bridge replacement projects.

I currently live in Lenexa, Kansas with my husband of 14 years and three children. My twin boys are 8 and enjoy wrestling and baseball, both of which keep us busy year-round. Maryn is 5 and loves gymnastics and dance. My husband is the wrestling coach at Mill Valley High School in Shawnee and coaches a Kansas team at the national level in the summer months. I enjoy reading, running, and attending the kids' baseball games and wrestling tournaments.
