Bio: I was born and raised in Silver Lake, Kansas. Attended and graduated from Kansas State University in May of 2013. My professional career has been spent with one company, Evans, Bierly, Hutchison & Associates, P.A. I live in Colby, Kansas with my wife, Jenna, and three children, Dack, Steele and Bly.

Fun fact about me: My favorite past time is fishing, but that doesn't seem to work too well now that I live in western Kansas!

Favorite Quote: "Success is no accident. It is hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do." Pele

My job would be easier if..... There was a process created for all portions of a project such that efficiency and productivity could be increased and time could be utilized effectively.
