Bio: I am Ben Gasper with SMH Consultants, Kansas City office. I grew up in Horton, Kansas and graduated, in 2013, from Kansas State University with a degree in Civil Engineering. Since graduation, I started working for SMH Consultants specializing in land development. I live downtown Kansas City (River Market) with my girlfriend, Courtney. I like to spend my spare time golfing, exploring the city with Courtney and friends, and hanging out with family.

Fun fact about me: Family won 2011 K-State Family of the Year

Favorite Quote: “Hard work beats talent when talent doesn’t work” – quoted by many.

My job would be a lot easier if... I didn’t work with architects.
