Bio

I was born and raised in Fremont, Iowa and received my B.S. in Civil Engineering from Iowa State University in 2000. Since graduating I have worked for George Butler Associates in Lenexa, KS in the highway and streets department. My current role is Project Lead for our municipal street projects. Our design work ranges from small sidewalk improvement projects to major arterial reconstructions and everything in between.

I have been married to my wife Paula for 12 years. We live in Basehor, KS with our two children; Peyton-10 and Connor-6 and our dog Chief-1. When we are not at one of the kid's sporting events, I like to hunt, fish and golf.

Fun fact about you that will be surprising/interesting to your classmates!

I go on an annual ice fishing trip with friends that we have done since college.

Favorite quote

"I have never let my schooling interfere with my education." - Mark Twain (not verified)

My job would be a lot easier if

underground utilities were visible and lawyers wrote all the contracts.
