Reid is a senior engineer for Olsson Associates. His current area of focus is project management and design for transportation and traffic projects along with mentoring staff on the Olsson MoKan transportation team. Reid has worked in a variety of civil engineering fields including civil site design, stormwater, traffic, track, and roadway design. He graduated in the first class of the Missouri Academy of Science, Math, and Computing where he received his A.S. and completed his B.S. in Civil Engineering from the University of Missouri – Rolla.

Reid lives in Overland Park with his wife, Casey, and two daughters, Kali and Pria. He spends a majority of his free time in the spring and summer near Clinton, Missouri where he farms with his parents and brother. In addition, Reid enjoys spending time with his family, reading, and playing sports.
