Scott graduated with his bachelor of science degree from South Dakota State University in 1994 and currently serves as project manager with Poe and Associates in Wichita, KS. Scott's responsibilities include design of roadway and drainage improvements, utility relocation coordination, public relations and permitting of transportation projects for local municipalities and counties. In addition, Mr. Servis is responsible for the design of sanitary sewer, water mains, storm sewer, roadways and mass grading plans for residential, industrial and commercial sites.

Mr. Servis has worked closely with multi-disciplinary teams of developers, architects and engineers to complete design plans and obtain permits for project construction from local municipality, county and state government officials. He has used state of the art CADD software to aid in the completion of design plans. Scott has worked on numerous projects throughout the Midwest within the states of Kansas, Oklahoma, Texas, Nebraska and Iowa. Scott has 19 years of experience in project management and engineering of multi-million dollar transportation, residential, commercial and industrial projects. He recently completed his tenure serving as the secretary/treasurer, president and past president of the Wichita Branch of the American Society of Civil Engineers.

Scott resides in Wichita, KS with his wife and two daughters. In his spare time Scott enjoys golf, woodworking and vacationing throughout the United States with his family.
